

ISHR2025 Program At a glance_0307 .xlsx.xlsx

Venue	5/11 (Sun)	7:00	7:15	7:30	7:45	8:00	8:15	8:30	8:45	9:00	9:15	9:30	9:45	10:00	10:15	10:30	10:45	11:00	11:15	11:30	11:45	12:00	12:15	12:30	12:45	13:00	13:15	13:30	13:45	14:00	14:15	14:30	14:45	15:00	15:15	15:30	15:45	16:00	16:15	16:30	16:45	17:00	17:15	17:30	17:45	18:00	18:15	18:30	18:45	19:00	19:15	19:30
1	A+B																							Opening Ceremony (30 min.)	Kazutoshi Mori Keynote Lecture 1	Outstanding Investigator award lecture (Sedej)	Bing Award (90 min)	Outstanding Investigator award lecture (Fang)																								
2	201+202											Public Lecture																																								
3	203	Registration		ECI Session						Panel Discussion																																										
4	204	Registration		ECI Session						ECI Session																																										
5	205+206											MCI Symposium																																								
6	C	Exhibition																		Welcome Reception																																
101		Intl Council Meeting 1						Intl Council Meeting 2																																												

Venue	5/12 (Mon)	7:00	7:15	7:30	7:45	8:00	8:15	8:30	8:45	9:00	9:15	9:30	9:45	10:00	10:15	10:30	10:45	11:00	11:15	11:30	11:45	12:00	12:15	12:30	12:45	13:00	13:15	13:30	13:45	14:00	14:15	14:30	14:45	15:00	15:15	15:30	15:45	16:00	16:15	16:30	16:45	17:00	17:15	17:30	17:45	18:00	18:15	18:30	18:45	19:00	19:15	19:30
1	A+B	Mitochondria, Protein homeostasis and Cell Death						Peter Harris award lecture (Eschenhagen)				Research Achievement award (Molkentin)				Luncheon Seminar ONO PHARMACEUTICAL CO. LTD & AstraZeneca K.K.				Peter Harris award lecture (Komuro)				Masashi Yanagisawa Keynote Lecture 2				Shaping the cardiac proteome in health and disease				JMCC																				
2	201+202	New mechanisms to protect against heart failure with preserved ejection fraction										Luncheon Seminar GlaxoSmithKline K.K.								E-C Coupling: channels, regulators and key players																																
3	203	Morning Seminar MOCHIDA PHARMACEUTICAL CO., LTD.		Interorgan communications in heart failure										Luncheon Seminar Novartis Pharma K.K. & Otsuka Pharmaceutical Co., Ltd.								Regulation of endogenous cardiac regeneration																														
4	204	ECI Workshop												Luncheon Seminar Mallinckrodt Pharmaceuticals																																						
5	205+206	Japan Section: Advances in research for cardiovascular aging										評議員会								Japan Section: Therapeutic Perspectives on Fibrosis-Associated Cardiac Diseases																																
6	C	Exhibition										75 min.				Exhibition																																				

Venue	5/13 (Tue)	7:00	7:15	7:30	7:45	8:00	8:15	8:30	8:45	9:00	9:15	9:30	9:45	10:00	10:15	10:30	10:45	11:00	11:15	11:30	11:45	12:00	12:15	12:30	12:45	13:00	13:15	13:30	13:45	14:00	14:15	14:30	14:45	15:00	15:15	15:30	15:45	16:00	16:15	16:30	16:45	17:00	17:15	17:30	17:45	18:00	18:15	18:30	18:45	19:00	19:15	19:30	19:45
1	A+B	New players in mitochondrial calcium regulation						Reimer award lecture				Shizuo Akira Keynote Lecture 3				Luncheon Seminar Novo Nordisk Pharma Ltd.				General Assembly (45 min.)				Modulators of cell-cell communication in heart failure				Regulatory mechanisms of intracellular Ca2+ signalling and excitability via intracellular organelle cross-talk				ECIMCI																					
2	201+202	Health and Disease Mechanisms of Women's Heart										Luncheon Seminar Bayer Yakuhin, Ltd.								Spatial organization of protein synthesis in the myocardium				Drug targets in Heart Failure																													
3	203	Cardiac Hippo-YAP signaling										Luncheon Seminar DAIICHI SANKYO COMPANY, LIMITED								Mechanistic insights of the role of impaired cardiac metabolism in driving heart failure				Targeting metabolism to prevent heart failure progression: HFREF vs HFpEF																													
4	204											Luncheon Seminar Eli Lilly Japan KK & Nippon Boehringer Ingelheim Co., Ltd.																																									
5	205+206	ISHR women's initiative		Japan Section: Interorgan Cross-talk in Cardiovascular Health and Disease														Japan Section: Novel insights into pulmonary hypertension and right ventricular dysfunction				Japan Section: Innate and Adaptive Immune Responses in Cardiovascular Disease																															
6	C	Exhibition										75 min.				Exhibition																																					

Venue	5/14 (Wed)	7:00	7:15	7:30	7:45	8:00	8:15	8:30	8:45	9:00	9:15	9:30	9:45	10:00	10:15	10:30	10:45	11:00	11:15	11:30	11:45	12:00	12:15	12:30	12:45	13:00	13:15	13:30	13:45	14:00	14:15	14:30	14:45	15:00	15:15	15:30	15:45	16:00	16:15	16:30	16:45	17:00	17:15	17:30	17:45	18:00	18:15	18:30	18:45	19:00	19:15	19:30
1	A+B	Non-Myocyte Contributors to Arrhythmia						Pfeffer award lecture				President's Award Lecture				Luncheon Seminar Nippon Boehringer Ingelheim Co., Ltd. & Eli Lilly Japan K.K.				Current status of cardiac regeneration therapy: from preclinical study to clinical trial				Epigenetic Regulation of Cardiac Stress				Closing Ceremony (30 min.)																								
2	201+202	Mechanisms of cardiac dysfunction in diabetic heart disease										Luncheon Seminar Novartis Pharma K.K.								Metabolic reprogramming to prevent and treat heart failure				Cardiac Ca2+ handling as a therapeutic target																												
3	203	Cutting-edge research on genomics and omics										Luncheon Seminar Bristol-Myers Squibb								Sex matters in Cardiovascular Metabolism				Mediators of protein phosphorylation in cardiac disease																												
4	204	ECI Workshop																								Meeting Banquet																										
5	205+206	Japan Section: Novel mechanisms in arrhythmogenesis														Japan Section: Updates on Onco-cardiology: molecular mechanisms and therapeutic approaches				Japan Section																																
6	C	Exhibition										75 min.				Exhibition
