

Dr. Jiong-Wei Wang received his Ph.D. in Medicine in 2013 from the Leiden University Medical Centre. After a brief postdoctoral training in the University Medical Centre Utrecht, he moved to the National University of Singapore (NUS). He was promoted to Assistant Professor in 2019 at NUS Yong Loo Lin School of Medicine Department of Surgery, with joint appoints at the Department of Physiology and the Cardiovascular Research Institute. His current research focuses on cardiovascular immunology and preclinical development of nanomedicine with natural and/or synthetic nanoparticle systems for the treatment of inflammatory, cardiovascular and metabolic diseases.
