

**Maria Kontaridis, Ph.D.**

**Executive Director  
Gordon K. Moe Professor and Chair  
Biomedical Research and Translational Medicine  
Director of Research**

Dr. Maria Kontaridis is the Executive Director, Gordon K. Moe Professor and Chair of Biomedical Research and Translational Medicine, and the Director of Research at the Masonic Medical Research Institute in Utica, NY. She also holds a part-time faculty appointment as an Associate Professor of Medicine at Harvard Medical School and Beth Israel Deaconess Medical Center, Department of Medicine/Division of Cardiology in Boston, MA. Dr. Kontaridis' research program focuses on the mechanisms underlying congenital heart disease and end-stage heart failure, as well as the processes that lead to abnormal development, aberrant signaling and disease onset of lupus, diabetes/obesity, gastrointestinal disease, autism, and cancer. Her work has been awarded grants from the several national foundations, the American Heart Association, Department of Defense, and the National Institutes of Health, as well as has garnered support from industry and pharmaceutical companies. Dr. Kontaridis is the current Chair of the AHA Basic Cardiovascular Sciences Council (BCVS).
